12/21/2014 - Mental Health: Psychiatric Visit

Provider: Evelyn Dunn, PMHNP-BC

Location of Care: East Mississippi Correctional Facility

**Chief Complaint:** Presenting to interview with delusions, hallucinations, and paranoia - reports "need to go to the hospital....believe somebody poisoned me....need surgery....my stomach..." Reports "hears voices...people talking about me....hear my baby's momma...hear my sisiter.." Reports compliance with medications.

**MSE:** 35 y/o AAM. Speech normal rate/tone/rhythm. Pleasant/cooperative for interview. Mood "need to go to the hospital.." Affect - restricted. Denies suicidal/homicidal thoughts at interview. Presenting with hallucinations, delusions, and paranoia - he is preoccupied regarding "need to go to the hospital...need to have surgery on my stomach...believed somebody poisoned me..." Thoughts loose. Denies disturbances to sleep/appetite. Mood disturbances - paranoia contributing to increase in anxiety - he insists "been poisoned...need to go to the hospital...need surgery on my stomach..." Insight/judgement-fair.

Discussed medications - reports compliance with medications - on Haldol and Artane - will increase Haldol - he reports compliant with medications - however hx of noncompliance - hx of requiring long-acting Haldol Dec. to assist with stabilization. No overt sx's of TD or EPS at interview. Will require monitoring during mental health rounds to monitor for decompensation - will need to monitor compliance with medications as well - presenting with psychosis at interview combined with hx of noncompliance with oral medications.

**Orders**

1. Increase Haldol 10 mg by mouth bid X 180 days.
2. Benadryl 50 mg by mouth every pm X 180 days.
3. Continue Artane 5 mg by mouth bid X 180 days.
4. RTC in 1 month/sooner as needed.

04/12/2014 - Mental Health: Psychiatric Visit

Provider: Evelyn Dunn, PMHNP-BC

Location of Care: East Mississippi Correctional Facility

**Chief Complaint:** Reports he needs to resume his medications. Reports "feeling homicidal...always feel homicidal..." In response to reasons he feels/always feels homicidal - he gives a somewhat odd report of "It seem like every year a family member of mine end up dead..." He continues "in Jan...mom was murdered...my sister wrote and told me..." He begins the interview with an odd question of "when I suppose to live..." - he then begins conversation of "need to get on my medicines..."

**MSE:** 34 y/o AAM. Speech normal rate/tone/rhythm. Pleasant/cooperative for interview. Mood - need to get on my medications. Affect - restricted. Denies suicidal thoughts/plans/intents - however reports he always feel homicidal - is feeling homicidal - however no reports of plans/intents to harm others/self. He is guarded at interview - however denies hallucinations at interview - possible delusions with odd reports of "always feeling homicidal cause every year a family member of mine ends up dead..." - truth -vs- delusions. Reports sleep - sometimes. Denies disturbances to appetite. Insight/judgement - fair.

Discussed medications. Haldol Dec. recently D/C'd due to refusing - did not meet criteria for involuntary medication administration at that time - now wants to resume medications - reports needing his medications - suggest somewhat improved insight - reports "want the Haldol pills.." Hx of noncompliance with medications - however reports he is going to take medications as prescribed. Presents with an extensive hx of severe mental illness - schizophrenia - hx of assaults to female staff with reaching out grabbing female staff's breasts or buttocks - on numerous occasions. Consents to start Haldol and Artane. - reports he can not take Cogentin - reports it bothers his eyes.

**Orders**

1. Haldol 5 mg by mouth bid X 180 days.
2. Artane 2 mg by mouth bid X 180 days.
3. RTC in 3 months/sooner as needed .

03/05/2014 - Mental Health: Psychiatric Visit

Provider: Evelyn Dunn, PMHNP-BC

Location of Care: East Mississippi Correctional Facility

**Chief Complaint:** Reports doing alright. Staff reports "he has been refusing his Haldol Dec. shot..." He reports "the shot swells my feet up..." Reports "I will take the Haldol pills..."

**MSE:** 34 y/o AAM. Speech normal rate/tone/rhythm. Pleasant/Cooperative for interview. Mood - alright. Affect - euthymic. Denies suicidal/homicidal thoughts at interview. Denies sx's of psychosis at interview - denies hallucinations or delusions - however somewhat guarded at interview - with paranoia regarding medications. Thoughts organized and coherent. Denies disturbances to sleep/appetite. Denies disturbances to mood. Insight/judgement fair.

Recommend the offender taking the long-acting decanoate medications - an extensive hx of noncompliance with oral medications. Although presents with hx of severe mental illness - he does not meet criteria for involuntary medication administration at time of interview. Will require monitoring at mental health rounds and through referrals for sx's of decompensation - presents with hx of relapses - recommend the offered medication - he is refusing - will D/C for now and monitor - may require involuntary medication administration if sx's of decompensation occur.

**Orders**

1. D/C Haldol Dec.
2. D/C Artane.
3. RTC in 3 months/sooner as needed.
